INSPIRING GENERATIONS IN PADRAUNA

Padrauna is a city which is tucked away in the Himalayan Terai region of eastern Uttar Pradesh. It is in a Holy land of Kushinagar, and is 51km away from Gorakhpur & 35km away from Deoria. Kushinagar is home to some of the most important Buddhist pilgrimage sites & therefore, one of the most important Districts of Uttar Pradesh. Ancient Malla Kshatriyas, who were following a democratic form of Government, come from Padrauna. There are several mythological stories connected with this city and it is believed that Gods have visited this town often!

Gautama Buddha attained “Parinirvana” after leaving his mortality near this town. Its ancient name was Pava where Lord Buddha took his last meal. This is also the place where Lord Rama spent a few days of his life. It lies in the Great Plains and is Terai area, very close to piedmont plains of the Himalayas, and is very close to the borders of Nepal and Bihar. The economy of Padrauna mainly consists of Agriculture followed by Services and a little contribution is made by Industrial sector as well.

The climate here is an extreme temperate climate, with soaring temperatures in summer crossing 40 degrees and in winters temperatures as low as 3 to 4 degrees are observed.

Padrauna is a wonderful example of the “entrepreneurial spirit of India” and many established industrialists of Gorakhpur, Delhi, Bengaluru & Hyderabad hail from Padrauna.

ABOUT SETH M. R. JAIPURIA SCHOOL, PADRAUNA

An academic institute should stand for dreams, building of character & skills, and defining a person’s life. At Jaipuria, we understand that the years that a student spends with us would ‘shape or break’ that individual, so there is great power and greater responsibility in the hands of the school. The purpose of Seth M. R. Jaipuria School, Padrauna is to prepare a new generation of responsible social leaders that will help the world at large, be proactive to meet the global challenges of the 21st century and surpass beyond the realms of the ordinary. The entire value system of the school is driven around innovation, creativity and entrepreneurship. The underlying context is always that there should be the desire for excellence, zeal to go beyond the regular, and provide for growth and development of individuals and societies in the coming future. We welcome you to experience this magnificence in your city, Padrauna!
Welcome to Seth M. R. Jaipuria School, Padrauna!

Jaipuria is led by doyens of exceptional visionaries who have always remained concerned about developing next generation thought leaders. The commitment of the House of Jaipuria to provide superior quality education has only deepened and grown over the last seven decades, developing leaders who have proved their mettle in all walks of life.

A true leader is a liberated thinker. The process of liberation begins when you start to think for yourself. When you think you learn and you imbibe new thoughts and perspectives. This in turn helps you innovate and think out of the box. When you can think differently, you can make choices and decisions that are unconventional. These unconventional choices and decisions are what will set you apart from the crowd and establish you as a leader rather than the led.

Education is not merely the acquiring of a degree; it is an enduring process that should have an effect on your thoughts and actions, even after you graduate. Your education can become a leadership training exercise only when you are an active participant in the process of opening your mind to knowledge, experiences and ideas.

We are very glad to bring to Padrauna a champion of educational excellence. We present to you Seth M. R. Jaipuria School, Padrauna, where, we put the student at the heart of the educational process. A student’s tenure at Jaipuria will be marked by a number of academic and non-academic opportunities, each of which will help the student develop into a successful individual, true leader and above all good human being. From in-class sessions to field trips, from experiential learning to festivals and events, every day at Jaipuria is a day out students learn and develop.

A world of learning and a plethora of experiences await you within our school. Welcome to Seth M. R. Jaipuria School, Padrauna! Welcome to your future.
Let every little mind be free to go beyond classrooms and textbooks to ask questions, seek answers, explore and experiment new ways of learning.

At our school we believe education must inspire and plant an aspirational belief in impressionable minds in order to facilitate their all-round development.

Our goal, therefore, lies not in building school infrastructure alone but also in building more practical and application based education systems that nurture innovators, artists, thinkers, scientists and leaders of tomorrow. Learning and living a new perspective each day, the school helps its children in their journey from thinking to becoming.

I THINK.

I AM.
At Seth M. R. Jaipuria School, your child benefits from a curriculum that is defined by self-learning. Inquiring, seeking answers, challenging facts and drawing their own inferences, each child finds freedom as well as requisite guidance to chart their unique learning path with joy and ability.

Curriculum Perspective

In the pre-primary years (Nursery to Grade 2), a teacher-led approach introduces the child to basic concepts and ideas. From primary years (Grade 3 to 5), the child gradually takes centre stage in the learning process with a certain degree of readiness to be accountable for his learning curve. In the middle years (Grade 6 to 8), the curriculum fosters an approach where the child is ready to lead and structure their own learning with confidence and ease.

THE ART OF

SELF LEARNING.
Jaipuria School is an experience children love to have every day. Having mastered the art and science of education, our proven ‘NO SCHOOL’ methodology has evolved to impart integral education over the last two decades. Dividing 14 years that a child spends at Jaipuria into 5 distinct stages, our innovative pedagogy and scientific approach used by experienced faculty addresses the unique needs of students in their varied developmental stages.
